ADVANCE PRE-CATALOGUE OFFERING OF THE Finest Holland Top-Size Bulbs

One of the genuine delights of life is the appearance of early flowers that herald the coming of spring. When the snow is melting, the Snowdrops and Winter Aconites raise their strong little flowers and announce the beginning of spring. While they are still in bloom, Glory-of-the-Snow, Crocuses, and Scillas appear as forerunners of the great army which is formed by Narcissi, Hyacinths, and Tulips in April and May. Even while the trees and shrubs are leafless, our gardens have become gay and colorful.

This pre-advance catalogue offers only a few of the hundreds of varieties of bulbs and plants that will be featured in our complete catalogue. Our new Fall catalogue will be larger and more complete than ever, featuring one of the world's finest collections of Tulips, Daffodils, Hyacinths, Crocuses, and hundreds of other miscellaneous bulbs. Also a complete selection of Roses, together with perennials and other items of interest for your garden. If there are any items you are interested in that you don't see listed in this folder let us know. No doubt we will be able to help you out.

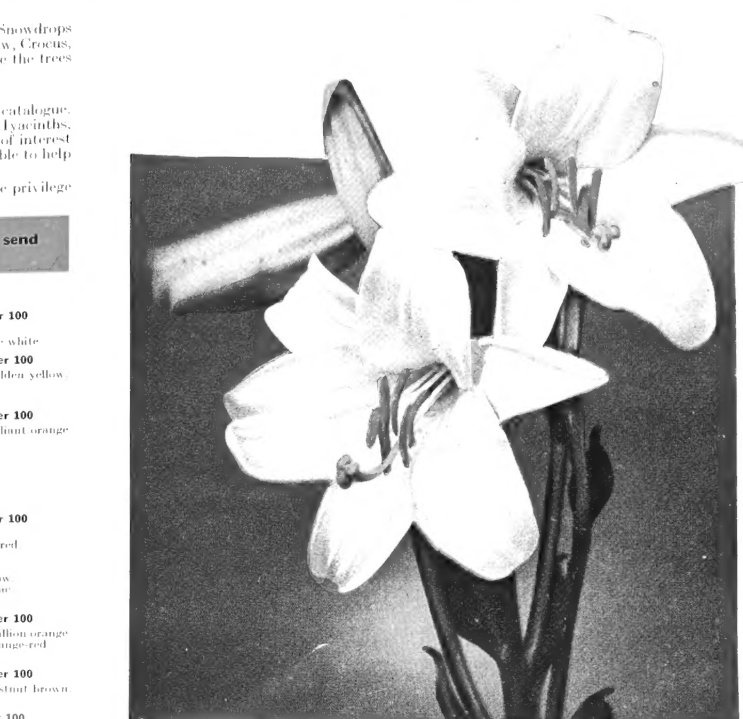

GUARANTEE—Only top-size bulbs and plants are offered. Practically all bulbs offered are imported Holland grown, and you have the privilege of returning any unsatisfactory bulbs or plants that don't meet with your approval.
